We are developing MTM as one of the main payment solutions businesses use in their good services.

Our next step is to introduce our proven business model to australia 1 million customers, and we are making headway to this end.

We will discuss our short and long term plans and steps to achieve them in detail in this whitepaper.

The image features three circular logos for 'Metme Decentralized Digital Token'. Each logo is gold-colored with a central emblem consisting of a stylized 'M' and 'T' inside a shield-like shape. The text 'Metme Decentralized Digital Token' is written around the perimeter of each circle. The logos are arranged vertically, with the top and bottom ones being more prominent and having a glowing, flame-like border, while the middle one is faded and serves as a background for the text.

METME **NEXT STEP**

BEP20 cryptocurrency on Binance Smart Chain

Blockchain as a technology has been transforming industries across all sectors, with its effects felt in our everyday lives. For most people, however, cryptocurrencies are a new phenomenon, associated with high-risk trading akin to betting.

As the market matures and the technologies behind cryptocurrencies find their utilities in their sectors, the underlying blockchain technology that power cryptocurrencies has immense potential and brings numerous benefits.

To mention a few advantages of Blockchain, it is

**Global in the most
real sense, allowing
for borderless
transactions**

Transparent

**Easy to use and
allows for faster
transactions**

**Highly secure, protected
by cryptographic
algorithms and
immutable**

MTM addresses the above-mentioned concerns in the following way:

Based on a successful business model

Stable financial backing

Proven market position

As MTM enters circulation in the MTM ecosystem, it will become a new form of digital asset with a sophisticated bonus / cash back reward (in MTM) system that can be used on a daily basis as a means of payment and has immediate retail circulation.

Regular Stakeholder

Real-life utility through to MTM token

MTM expansion plan into dubai based in part on the features . We plan to develop MTM into a crypto currency that can be used across global markets regardless of national borders.

METME BUSINESS Rewards & POSITION

METME SAVINGS

Using MTM allows our customers to effectively plan their finances and their spending. The new MTM savings plan will allow them to create a savings account with fixed deposit terms, earn interest on their savings and use the funds for future purchases or financial emergencies

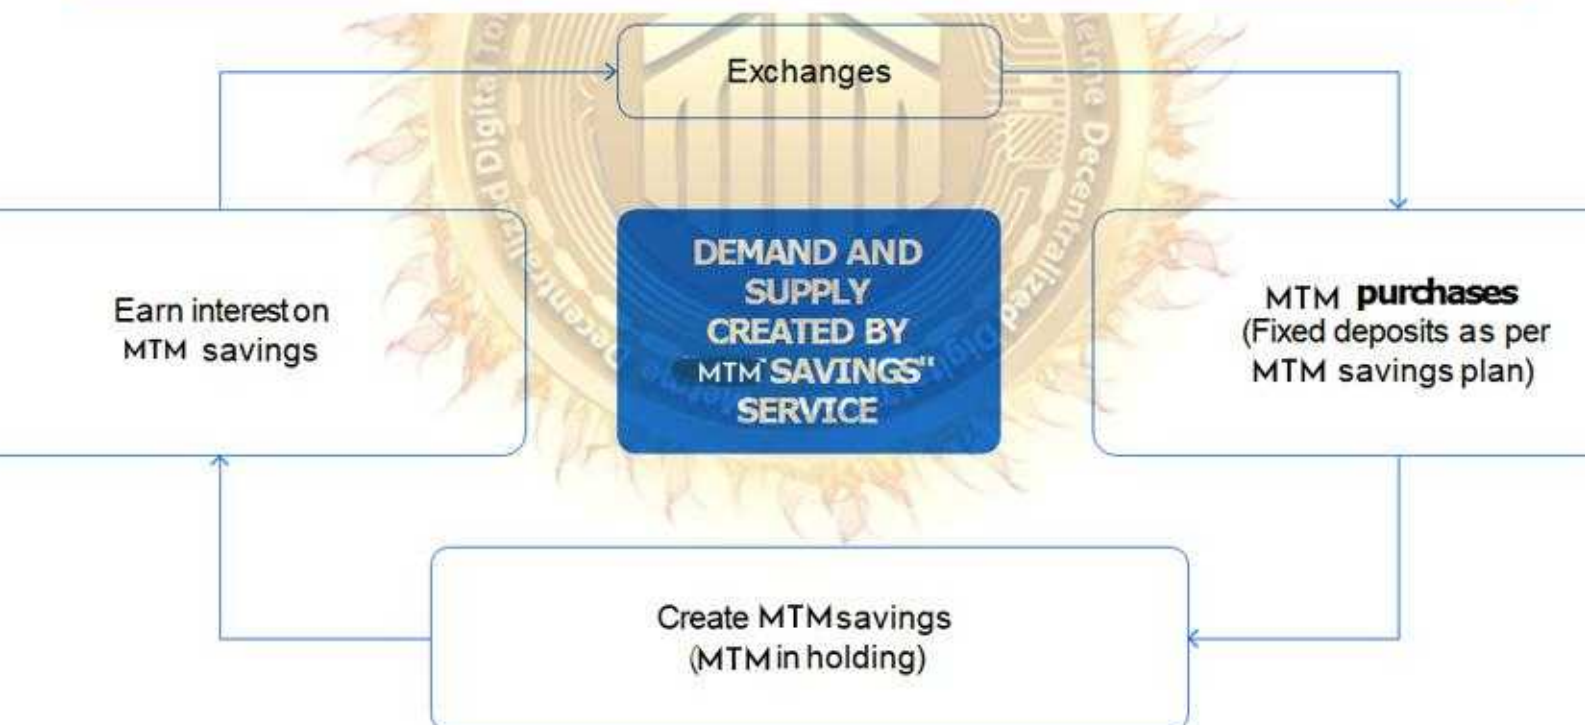

MTM savings features:

MTM savings plan that rewards users with additional coins for meeting the savings plan requirements

The possibility of enjoying the gains from MTM's price increase vs. fiat currencies

Make MTM purchases using MTM savings without affecting the MTM savings plan and its benefits

Flexible savings terms and conditions that allow the user to make purchases when desired

The 3 ecosystems mentioned in these pages are the core ecosystems of the MTM services, and are designed to expand as MTM service expands and the number of MTM users increases. Along with the expansion, MTM valuation and utility will further grow.

Demand METME

The demand for MTM tokens will be directly related to the number of MTM users. After the MTM token, users can purchase MTM tokens from the crypto exchanges and make MTM purchases using the tokens.

As MTM token and its ecosystem of services that include the MTM savings and wallet will be based on the existing infrastructure of MTM and its established base of customers, the tokens will immediately enter circulation upon launch.

Additional bonuses on purchases made with MTM tokens and MTM savings plans that allow users to save up on a regular basis will help create further demand for MTM tokens.
